

modest, and has never made large demands on the State. That the salaries in the University are from \$1,200 to \$5,000, as mentioned by this committee, has no bearing on this case, save to show that the salaries paid to the teachers, and especially the principal of the normal school, are not large in comparison to those paid to teachers in other State institutions. In this connection, I may be permitted to call attention to the fact that the salary of the President of the University of Texas is \$5,000; of the President of the Agricultural and Mechanical College, \$3,500 and a residence; of the Denton normal \$2,500, and of the Girls' Industrial school \$3,500. At least I am credibly informed that these are the salaries paid. The salaries of the teachers in the Sam Houston Normal Institute are limited by law. I do not think this is true of any other of the State schools.

PETITIONS AND MEMORIALS.

Senator Faust offered the following petition:

March 1, 1903.

*To the Honorable Twenty-sixth Legislature of the State of Texas.*

We, the undersigned, residents of Guadalupe county, hereby urgently request you to vote for and give whatever other support may be in your power, to the bill to appropriate \$200,000 for an exhibit of the State's resources at the World's Fair to be held in St. Louis in 1904. We are moved to this action by the belief that as a business proposition it offers an opportunity which Texas cannot afford to neglect, and further, by the belief that if we should not be properly represented there, it would reflect discreditably on the State, and a reproach to its people. However much lawyers may disagree in a narrow construction of the Constitution, we do not believe it was intended to inhibit such measures of self-help, and we are confident that, in supporting this bill, you will carry out the wishes of the majority of your constituents.

Aruthur Wuest.  
Chas. Englemann.  
Christ Bachle.  
Paul Pullman.
